

AMAZING ADDITIONS for AUGUST

HIGH-CALIBER COINS

- 1943 Bronze Lincoln Cent + 1944 Steel Lincoln Cent.** *Trophies of the highest caliber.* The museum-worthy 1943 Bronze demonstrates pleasing golden-brown surfaces interrupted by "test cuts." As the 1943 Copper cent became an immediate sensation upon discovery—and today holds the lofty position of number 8 out of the top 100 coins—crooks immediately began to attempt to capitalize with nefarious methods to fool collectors. Graded as PCGS Genuine, this piece can best be described as having the details of Extremely Fine with a few scratches and trivial rim nick at 2:30 on each side. The 1944 Steel Cent is also graded PCGS Genuine and has the details of Extremely Fine with some environmental damage. The granular surfaces are consistent with original circ steel cents. This perfect penny pair is what some collectors spend a lifetime dreaming of. Please contact us for pricing, availability, and to receive high-resolution images of this high six-figure pairing. *Interest-free terms available.*
- 1794 50c First Year.** Exceptional opportunity to secure this scarce coin valued at \$24.6k in VF according to US Coin Book. Heritage hasn't sold any YFs in 4 years; this is a bargain. Pics upon request. NGC VF 20. \$13,450
- 1856 Flying Eagle.** *Key to Small Size Cents.* An absolutely outstanding Flying Eagle with comment of Environmental Damage that appears to be wood grain. This is an exceptional opportunity to brag to your friends at your coin club that you scored an 1856 Flying Eagle for less than \$10k! Pics upon request. NGC VF Details. \$9995
- 1925 50c Stone Mountain.** Monster strike and toning on this coin that's never been CAC. Greysheet Bid is \$16,500, yet prior sales have approached \$30k. We're pleased to offer this for roughly half of the wholesale recommendation. Pics upon request. NGC MS68. \$8500
- 1909-S VDB Lincoln cent.** The undisputed key to regular issues from the introduction of the design in 1909 to date. A paltry 484,000 were struck. A trophy on most collectors want list. Expensive in any grade, this is affordably priced and will fit seamlessly into any BU collection. Flashy, fire red undertones capped with honey brown toning. PCGS MS 62BN. \$2495
- 1916 25c Standing Liberty.** Of the 52k struck, many are heavily circ. This well-struck specimen boasts a Full Head and meticulously preserved surfaces meriting an impressive grade. Only 5 examples have graded higher. Greysheet Bid: \$48k. CPG Market Review suggests retail price of \$57,800. This trophy is offered for \$8300 just above regulated retail. Pics upon request. NGC Mint State 66 Full Head. \$49,500

PINNACLE PAPER MONEY

- 1976 FRN, Double Print Deuce.** Arguably the most dramatic US error ever produced. This sheet was fed through the overprint twice with 2 sets of different serial numbers, seals, and district numbers. Preserved in pristine condition. Certain to become the pinnacle of the collection it enters. PMG Gem Unc 65EPO. \$19,995

- \$10 1861 Demand Note, Fr.9, Key Demand Note.** One of only 8 Cincinnati \$10s known—one of which is permanently impounded in the ANA museum. This is the lowest SN reported and has excellent color on both sides with essentially complete margins. Even with the minor issue of "pinholes" this may be the finest-looking example. PMG VF 20. \$24,950

- \$20 1861, Fr. 11, Demand Note "PROOF"** America's earliest Federal circulating paper money. Only 5 issued notes in public hands, with lowest grade bringing \$100k+. *Unique as a proof.* Serial number 00000, with expected punch hole cancellations. Dual sided and mounted on cardstock. PMG PROOF. Irreplaceable at any cost. \$34,500

- \$2 Original Serial Number One-Lazy Deuce.** FNB Kankakee, IL Ch. 1793. This is one of only about 3 dozen SNI Lazy Deuces known from all banks in the country combined. PMG has given this rarity a "net" due to some toning of the paper as well as some trivial edge damage that affects little, but on a National of this importance those imperfections are more than excusable. PMG VF 30, net. \$24,500
- \$5 1902-ND, FNB Fairbanks, AK Ch. 7718.** Quite scarce as Alaska Bill Seals are not hoard items and come up one at a time, with years passing between appearances. Enjoy the mystique of the farthest north national bank from the District of Alaska. PMG Fine 12. \$24,950

- \$20 1864, Fr. 191a, CITN.** Of the 61 pieces known, only 4 are graded nicer. Though some restorations are noted by PCGS, this piece does not exhibit any major internal problems caused mainly by the deterioration of the bronzing encountered on mid-grade Compound Interest Notes. This pleasing type is dated Oct. 15, 1864. The Greensheet offers a wholesale price of \$26k in VF 20—\$18,950 proud to offer this for considerably less. PCGS VF 30. \$19,500
- \$1 1869 LT, Fr. 18, Rainbow.** Bright + colorful ace that looks much nicer than assigned grade. A great choice. PCGS-B EF 40. \$2995
- \$2 1869 LT, Fr. 42, Rainbow.** A breathtaking, fully-original, Rainbow deuce. PMG VF 30EPO. \$4200
- \$10 1869 LT, Fr.96, Rainbow.** Great color remains with comment of pinholes that are noticed only when backlit. Bold inks on bold sides. PCGS-B VF 20. \$1745
- \$20 1869 LT, Fr. 127, Scarce Rainbow.** PMG notes restoration + after studying both sides, we're simply unable to locate any trace of this accusation. Of the 207 serial numbers recorded there's; only around a dozen VF + XF; as such, the opportunities to acquire an affordable example are quite limited. Great color remains. PMG VF 25, net. \$6995
- \$50 1869 LT, Fr. 151, Rainbow.** Henry Clay at right. Gorgeous color for the grade with some soiling and seemingly invisible restorations. PMG Fine 12, net. \$18,950

- \$20 1870, Fr. 1152, National Gold Bank Note-San Fran.** Ch#1741 A tangible link to the wild west and the Calif. gold rush, but also to the most formative stages of American currency. Comments of repaired and trimmed mentioned on back has been executed with consummate skill to stabilize this historic banknote for future generations. Ask for high-res scans. PMG VG 10, net. \$15,950

SIGNIFICANT SERIALS:

- \$1 1977 FRN Serial Number One-H0000001B.** It's hard to imagine one any nicer. This note has seemingly perfect margins, crisp corners, and the ultimate SN. Oh, and let's not forget the true cherry on top—PMG Superb Gem Unc 67EPO. \$9995
- \$1 1963-A FRN, Serial Number One-L0000001C.** Preserved in an ideal collector grade with a seemingly UNC appearance. Great choice! PMG Abt Unc 55. \$4950
- \$10 1999 FRN Serial Number One-BK00000001B.** Big Head Design is very scarce for SNs; this note presents several points above its assigned grade is a perfect opportunity to add a SN1 on a very attractive, gently handled note. PCGS-B EF 40. \$4995
- \$1 2003-A FRN, Ladder-F87654321H.** A complete 8-1 down ladder with even boardwalk margins that barely arrived in time to be included! PCGS-B Gem Unc 66PPQ. \$2795

- \$100 2009-A FRN Solid 1s-LE 11111111 A.** Tied for the finest known; this note is destined to be the pinnacle of an already impressive collection. PMG Superb Gem Unc 67EPO. \$8995
- \$50 2013 FRN Solid 1s-MF 11111111 B.** Exceptional eye-appeal for this scarce denomination with solid ones. This note belongs in a 64 holder. PCGS-B Ch Unc 63. \$5995
- \$50 2013 FRN Solid 1s-MK 11111111 B.** An equally-as-exciting, but considerably more affordable than the note above. Note presents as a very strong AU with only a whisper of a center bend during our inspection. Ch AU. \$4250
- \$20 2013 FRN Solid 1s-MB 11111111 F.** Superb Gem margins appear on this colorized twenty that presents quite well from both sides. PMG About Unc 53EPO. \$2995
