

CUSTOMER APPRECIATION MONTH

1. \$20 1864, Fr. 191a, **CITN**. Of the 61 pieces known, only 4 are graded nicer. Though some restorations are noted by PCGS, this piece does not exhibit any major internal problems caused mainly by the deterioration of the bronzing encountered on mid-grade Compound Interest Notes. This pleasing type is dated Oct. 15, 1864. The Greensheet offers a wholesale price of \$26k in VF 20--we're proud to offer this for considerably less. PCGS VF 30. \$19,500

2. \$10 1861 Demand Note, Fr.9, **Key Demand Note**. One of only 8 Cincinnati \$10s known—one of which is permanently impounded in the ANA museum. This is the lowest SN reported and has excellent color on both sides with essentially complete margins. Even with the minor issue of 'pinholes' this may be the finest-looking example. PMG VF 20. \$24,950

3. \$20 1861, Fr. 11, **Demand Note "PROOF"** America's earliest Federal circulating paper money. Only 5 issued notes in public hands, with lowest grade bringing \$100k+. **Unique as a proof**. Serial number 00000, with expected punch hole cancellations. Dual sided and mounted on cardstock. PMG PROOF. Irreplaceable at any cost. \$34,500

4. \$50 1861 CSA, **T-4 Montgomery**. An ultra-cool example of an ultra-scarce note. This note has the giant rubber stamp cancellation on the face and the back has the endorsement of Custom House New Orleans. PMG VF 20. \$10,750

5. \$1,000 1934-A FRN, Fr. 2212-C, **One Thousand**. An attractive, comment free thousand that faces up nicer than assigned grade. PCGS Abt New 50. \$5250
