US Coins:

- 1943 Bronze Lincoln Cent + 1944 Steel Lincoln Cent.** *Trophies of the highest caliber.* The museum-worthy 1943 Bronze demonstrates pleasing golden-brown surfaces interrupted by "test cuts." As the 1943 Copper cent became an immediate sensation upon discovery—and today holds the lofty position of number 8 out of the top 100 coins—craobs immediately began to attempt to capitalize with nefarious methods to fool collectors. Graded as PCGS Genuine, this piece can best be described as having the details of Extremely Fine with a few scratches and trivial rim nick at 2:30 on each side. The 1944 Steel Cent is also graded PCGS Genuine and has the details of Extremely Fine with some environmental damage. The granular surfaces are consistent with original circ steel cents. This perfect penny pair is what some collectors spend a lifetime dreaming of. Please contact us for pricing, availability, and to receive high-resolution images of this high six-figure pairing. *Interest-free terms available.*

This is an exceptional opportunity to brag to your friends at your coin club that you scored an 1856 Flying Eagle for less than \$10k! Pics upon request. NGC VF details.\$995
- 1925 50c Stone Mountain.** Monster strike and toning on this coin that's never been CAC. Greysheet Bid is \$16,500, yet prior sales have approached \$30k. We're pleased to offer this for roughly half of the wholesale recommendation. Pics upon request. NGC MS68.\$8500

- \$2 Original Serial Number One—Lazy Duce.** FNB Kankakee, IL Ch. 1793. This is one of only about 3 dozen SN1 Lazy Duces known from all banks in the country combined. PMG has given this rarity a "net" due to some toning of the paper as well as some trivial edge damage that affects little, but on a National of this importance those imperfections are more than excusable. PMG VF 30, net.\$24,500
- \$5 1902-ND, FNB Fairbanks, AK Ch. 7718.** Quite scarce as Alaska Blue Seals are not hard items and come up one at a time, with years passing between appearances. Enjoy the mystique of the farthest north national bank from the District of Alaska. PMG Fine 12.\$24,950

- \$20 1864, Fr. 191a, CITN.** Of the 61 pieces known, only 4 are graded nice. This pleasing type is dated Oct. 15, 1864. The Greensheet offers a wholesale price of \$26k in VF 20—we're proud to offer this for considerably less. PCGS VF 30.\$19,500

- \$5 1863 Legal Tender, Fr. 63 Serial Number One—Large Size #1.** Exceptionally scarce opportunity to secure a serial number one on one of the early \$5 notes printed by the US. This note spent a great deal of time in circulation over the past 150 years, but despite its condition with edge tears, edge nicks, and pieces missing, it remains an affordable and unusual opportunity to secure a large size SN 1. Pics upon request. VG.\$2795
